

WOUND  
CARE  
awareness week

# JOIN US JUNE 6 - 10 2016

Currently, 6.7 million people in the United States are living with chronic wounds. Due to the lack of awareness of advanced wound care, the vast majority of these people do not receive the treatment they need and deserve.

We are excited to announce the third annual Wound Care Awareness Week sponsored by Healogics, Inc. Monday, June 6 to Friday, June 10, 2016.

This week is dedicated to raising awareness of advanced wound care and its benefits to every patient living with chronic non-healing wounds. Through this effort, we will raise awareness of the chronic wound problem and help community physicians identify patients who may benefit from advanced wound care.

Join us in our mission to raise awareness of the chronic wound epidemic and the benefits of advanced wound care.

**HELP US RAISE AWARENESS ABOUT THE BENEFITS OF ADVANCED WOUND CARE**
